Subject Stop The Sanctuary

I am sending this letter, expecting to be the very one that's needed, in helping to stop this sanctuary...we locals pretty much all grew up on the beaches of our islands, playing and enjoying activities on these waters. We even grow up fishing here. It would be sooooo sad to watch our keikis grow up noticing what we once had, they cannot also have!!!! We as people know the difference by now, what is right and wrong, and we cannot afford to be wrong for what we once had, which was never considered wrong for us!!!! That wouldnt be fair at all if we breaking the law to continue wanting to enjoy our waters!!!! We do not need to be sneaky about surfing some waves, or, bombing off a pier, or fishing off the shore.....please consider this and stop the sanctuary for us good smaritans....the ones who are also concerned about our marine life!!!!
